MUSEUM OF GLASS

1801 Dock Street
Tacoma, WA 98402

kids design glass

## how it works

1. You draw your idea for something you'd like to see made out of glass. (You can use crayons, markers, paint, collage, etc., and the design is totally up to you—be creative!)
2. You fill out this form and turn it in with your design (staple this form BEHIND your design).
3. The Museum's Hot Shop Team chooses a winning design (approximately one each month).
4. If we choose your design, we'll call and invite you and your family to come to the Museum (for free) and watch the Hot Shop Team make your design in glass (one for you to keep and one for us).
5. We may include your design in an exhibition that would begin at the Museum of Glass and travel to other museums around the country.

# Official Entry Form

Today's Date: ___ ___ / ___ ___ / ___ ___
month day year

Name: _____ Age _____

Street Address _____
