

Dear Camp Fire Family,

In these uncertain and challenging times, we all need hope and reassurance that at some point, the COVID-19 pandemic will pass, and we can all return to some semblance of normalcy.

To that end I want to reassure our families that given all the information available to us from state and federal officials, when it is deemed safe to gather again, we will be running programs. When we start back our programs may look a little different than they have in the past because before we reopen, we want to make sure we are instituting the best practices from medical and industry experts to ensure the health and safety of our campers and staff.

For the most up-to-date information on our programs and policies, including an updated cancellation policy, please visit <https://campfireseattle.org/covid-19-latest-updates>. I encourage you to check this space regularly.

These times will pass and once they do, Camp Fire will be here for you and your family, offering a welcoming place to gather around a campfire.

Thank you and be safe!

Rick
