

# Camp Fire Day Camp COVID-19 Response Chart

Our primary responsibility is to the overall health and safety of the entire camp community. Communicable disease is a frequent concern at camp, so we will take steps to reduce contagion among campers and staff; including both COVID-19 and non-COVID contagious illnesses. The following chart indicates our decision-making process for cases of contagious illness, positive COVID tests, and exposure to individuals testing positive for COVID.

	<b>Testing Positive for COVID-19</b>	<b>Presenting Symptoms of Illness (Including COVID and non-COVID symptoms)</b>	<b>Known Exposure/Close Contact of Someone Testing Positive for COVID-19</b>

**Refund Policy**

*Cancellation:* If your child cannot attend camp due to testing positive, close contact exposure to someone testing positive, or a non-COVID contagious illness, we will work with you to determine the best option, including **rescheduling, credit, or refund.**

- **Reschedule:** In some cases, we can reschedule your child for a later session in the summer (depending on availability). There is no cost to reschedule unless switching into a more expensive program.
- **Credit or Refund:** If we cannot reschedule for a later session, you can request a credit of the amount paid, to be used in the 2023 camp season; or a full refund.

*Leaving Early:* If your child must leave camp after the session starts due to illness or COVID exposure, you can request a pro-rated credit or refund for the amount of time missed.

**All requests for refunds or credits must be received in writing no later than August 31.** Credits must be used in the 2023 season – registration opens in November for overnight camp at Camp Sealth and January for Day Camps in the community, and our programs are expected to fill quickly.
